Informed Consent to Treatment

I hereby request and consent to the performance of chiropractic adjustments (also known as spinal manipulations) and other chiropractic procedures, including various modes of physical therapeutic modalities and diagnostic X-rays on me (or on the patient named below, for whom I am legally responsible) by Galen Collins, D.C. and/or other licensed doctors of chiropractic who now or in the future work at Collins Chiropractic Clinic and Sports Medicine, P.A.

I have had an opportunity to discuss with the doctor of chiropractic named above and/or with other office or clinic personnel the nature and purpose of chiropractic adjustments and other procedures. I understand that results are not guaranteed. I understand that the type of treatment used in this office is a low force treatment that helps reduce the possibility of the below risks but the information is provided so that I may make an informed decision.

I understand and am informed that, as in the practice of medicine, in the practice of chiropractic there are some possible risks to treatment, including but not limited to fractures, disc injuries, strokes, dislocations and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known to him or her, is in my best interest.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
